## Description

White Polyethylene Cayman Lab Island 4 Foot Lab Cart is constructed from durable, half inch, resistant high density polyethylene and is designed for those who need a large amount of storage and work space. The integrated lock with two included keys keeps the tambour door securely locked in place. Door rolls up into cart when not in use. Inside the Cayman features a pullout shelf that rolls smoothly on low-friction, ball

bearing sliders giving you easy access to the contents of the shelf. Even fully loaded, the Cayman can be easily maneuvered with the aid of its 3 inch casters. 48 x 35 x 24 (width height depth); 120 pounds
