Upright Freezer Racks

For 96-Well Microtube Boxes

Racks are for 96-Well Microtube Boxes. High quality Upright Freezer Racks, including handles, are constructed of corrosion resistant stainless steel and offer convenient storage of samples in an organized format. Each rack compartment holds a single 96-Well Microtube Box. Security lock devices are also available for each rack. Using the internal dimensions obtained for your freezer shelf space (see page 1, fig 1) determine the height (H), length (L) and width (W) of each rack you select for your upright freezer. Racks come with locking rods to secure microtube boxes in place.
